## **DETAILED ACTION**

### ***Examiner's Amendment***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 13, line 6: "indicating of the presence" has been changed to --indicating the presence--.

Claim 17, line 6: "indicating of the presence" has been changed to --indicating the presence--.

Claim 17, line 11: "a indication" has been changed to --an indication--.

### ***Allowable Subject Matter***

2. Claims 1, 3-6 & 8-17 are allowed over the prior art of record.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record alone or in combination fails to teach or suggest:

in claim 1 (claim 6 has similar limitations), means for adapting settings to an operation mode for the second type of optical recording medium in case the data signal does not have a given relation to the respective threshold near the focal zero crossing, *which distinguishes between a high reflectivity optical recording medium and a low reflectivity optical recording medium;*

in claim 10 (claim 13 has similar limitations), adapting settings to an operation mode for the second type of optical recording medium *before the completion of a focus search cycle* in case the data signal does not have a given relation to the respective threshold near the focal zero crossing; and

in claim 17, means for adapting settings to an operation mode for the second type of optical recording medium in case the data signal does not have a given relation to the respective threshold near the focal zero crossing, *wherein an indication that a low-reflectivity medium is loaded into the device causes the current search cycle with settings for a high-reflectivity medium to be abbreviated and to be continued with settings for a low-reflectivity medium.*

Claims 3-5, 8, 9, 11, 12 & 14-16 are dependent upon allowed base claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
